- The buttons you see here depend on which control method your Gridset is optimized for; *Switch, Eye Gaze, Touch* or *Mouse Dwell*. Consult the <u>Join-In</u> <u>Settings</u> training cards for more information on how different versions of Join-In Gridsets work in situations like this.
- If you are using the *Eye Gaze, Touch* or *Mouse Dwell* optimized versions of Join-In SMS, you will see a popup *Redirect Message* appear at the bottom of the page after selecting a contact.

### **Redirect Messages**

- Join-In Facebook Messenger allows you to interact with different types of messages.
- Clicking Activate Message in when a message is selected in the Chat View will make a popup Redirect Message appear at the bottom of the page.
- When you see this message, click the *Redirect Button* (e.g. *Open Video Post, Visit Webpage, Open YouTube Video, etc.*) to redirect to the page you need.
- Redirect Buttons appear in different colors to the main theme. This is to emphasise that they are expected to work alongside a popup message. Always check for a message before clicking a button with different colors.
