## New study days and information sessions!

**Registration is now open for Perth and Brisbane sessions.**

### Study Day- Learn to Communicate; Look to Communicate

If you have downloaded The Grid 2, trialled or ordered a Powerbox MOTION, Tellus 4 or eye gaze system recently this Study Day should be of interest to you!

A study day to assist professionals to identify goals for people learning to use an AAC device for communication. You will learn how to create engaging activities and communication grid sets that you can use to assist clients and students to progress from early communication to more advanced AAC devices. There will be a focus on providing practical tips and instruction on editing and programming within the Grid 2 to create activities and communication grid sets to address these goals.

In addition to increasing your knowledge of The Grid 2, you will also have the opportunity to view the latest in AAC technology and to understand how to use the AAC devices as part of the learning tools. This will include the newest communication devices offering direct access (touch screen), switch access and eye-gaze systems, for example the PowerBox

## Web-site Interruption

At some point in the coming week we hope our refreshed website will go LIVE.

Unfortunately there will be a period of a few hours when the ZYTEQ website will be unavailable. At this stage an exact scheduling cannot be provided. If you have an upcoming urgent need to access the website and need to be advised of this down-time please email [info@zyteq.com.au](mailto:info@zyteq.com.au).

In the meantime we are maintaining two websites and so information may not be updated on the current website, as you would normally expect. Please ring or email if anything seems odd or
