

Zyteq's updates, announcements, freebies and news about Assistive Technology. Thank you for reading!

Huge plans for 2014....part 1!

Happy 2014!

We hope you are refreshed from a wonderful Festive Season and holiday! The Zyteq team is excited to announce a number of new products, solutions and a few updates to existing products, most available immediately! We have much news for 2014 so will continue Part 2 in the February news. I must apologise for the absence of web-site links and corresponding updates for some news items. We have commissioned a web site update that is in the final stages so we will wait to add new content there. Thank-you for being there to receive our news first. Looking forward to working with you this year! *Cheers Tracey*

Tobii PCEyeGo and Tobii EyeMobile

We are very pleased to announce the addition of the Tobii PCEyeGo and Tobii EyeMobile to our eye gaze product range. Thanks to Link Assistive we are now able to offer customers a choice! Further details on this will follow in coming weeks. We

Free AVAZ promo codes

We are happy to be able to offer AVAZ promo codes to 45 lucky applicants. This means that a license code for a full version of the AVAZ app can be downloaded to iPad or iPhone and available for ongoing use. This offer is available to professionals who would like to have the AVAZ app available in their app tool kit to use with clients and students. This

Upcoming Events

Tues 18th March

Perth, ILC

LEARN TO COMMUNICATE: LOOK TO COMMUNICATE

A practical session providing goal formulation and activity suggestions for **clients**

and students to progress from early communication to more advanced AAC devices, with a focus on eye gaze access.

Including Grid 2, PODD15 grid set, Look to Learn, Intelligaze and Tobii PCEye Go and PowerBox MOTION.

A full day session which can be booked through the ILC website

Wed 19th March

Perth, ILC

WHAT'S NEWS: MAKING CONNECTIONS AND USING SOCIAL MEDIA

This workshop will provide a general update for professionals who are interested in finding out what is new in the ZYTEQ world of Assistive Technology – focusing on text-based systems

receive our in-house training next week from Link Assistive. Our demo unit has arrived!

ZYGO Tread Switch

The well loved ZYGO Tread Switch has returned! This heavy duty, metal mechanical switch has an actuating force of 142 grams. It works well as a foot switch or as a robust switch for people who need a durability.

Discontinued

We are sad to announce that Smartio, the manufacturer of the PapooTouch in France is no longer in business.

The action appeared to be without warning and we were very surprised by this news. We will continue to support the PapooTouch devices of course, and have repair parts in stock. If you have any questions or wish to discuss please call the office.

offer is not available to individuals who wish to use the AVAZ app for their AAC purposes, as funding is generally available in most states for this purpose. As Apps cannot be trialled, this is an avenue for "spreading the word" via those who are willing and able to help us raise awareness of AVAZ.

ZYTEQ co-authored the Australian AVAZ app so that all vocabulary included is localised. AVAZ offers a comprehensive AAC app including category/branching symbolstix pages, text-to-speech keyboards with prediction. Australian speech and facility to record speech. Please [email to request a PROMO code](#), with a brief description of how AVAZ will be used in your work setting.

New Products

Now in stock we have: ABLENET Blue2, Mini-Beamer Trans & rec, Rugged case for iPad with mount or carry strap & BigTrack. We also can modify switches from 3.5mm phono to 6mm phono plugs. Dual Lock and modhose kits are also new. Pricing info and details to follow. ABLENET: as Ablenet dealers Zyteq can access any item from the Ablenet product catalogue. If you can't find an Ablenet item on our website, please

for access to social media, internet and SMS from devices such as eye-gaze systems, LightWRITER SL40, Allora 2, Tellus 4 Intelligaze, Powerbox MOTION and more. We will provide specific instructions for implementing these technologies with your clients. A half day session which can be booked through the ILC website [Please click here for the link...](#)

TCL voice amplifiers

The Toby Churchill Ltd mini voice amplifier has been discontinued. We have a couple of units in stock for those who particularly want this model, as some trials of this model may continue. We will also support and repair the units in use for as long as possible. Toby Churchill Ltd has released a new model of voice amplifier which we are evaluating for release. If you have an interest in assisting with the evaluation please let us know, as we would like to gather feedback from people familiar with voice amplifiers and able to make comparisons.
