

Zyteq's updates, announcements, freebies and news about Assistive Technology.

May 2015 - V2

So much news! So little time!

Apology and Take #2

This e-news went out last Friday without a link to the Voice Amplifier video and with a strange SUBJECT line that may have seen the e-news diverted to your junk file. My apologies for any inconvenience. Here it is again with links to the STUDY DAY registration, which is now open, and links to the voice amplifier "considerations" video.

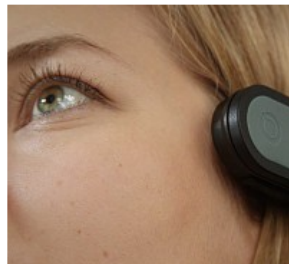

You may not have noticed that we missed April and March e-news issues. This was not for lack of news. In fact we have 10 new products which have launched this past month! So HUGE apologies for the delay in spreading the word.

The 2015 STUDY DAYs program is ready. [Online registration is now open.](#)

Grid Pad Go 8 & 11

Our new Grid-powered Windows 8 communication device tablets for the active person. Rugged Targus case with shoulder strap and table stand. Keyguards for Grid Pad Go 11. Ideal for PODD15 and PODD60 (yes, this is new too,

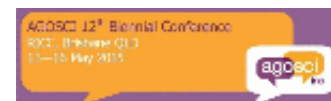

QuHa Zono

"Who wouldn't love a gyroscopic mouse?" said a lovely OT. This is an innovation in mouse control. An interesting alternative to head tracking. The control comes from the user, and does not rely on the receiver tracking a

Upcoming Events

PODD60 for Grid 2

It's almost ready! The grid Pads will be perfect for PODD60 as alternative access options are offered on these devices. Of course the first layout will be designed for direct access, but other version will follow.

Intelligaze: 3 eye gaze cameras in one!

Intelligaze: Starter

This system is designed to attach to your computer or tablet for entry level, interactive learning eye gaze access to activities such as Look to Learn. Ideal for classroom use. These activities use mouse control. [Read more online.](#)

Intelligaze: Communication

This system is integrated with AAC software such as The Grid 2, and introduces the "Blickfang" feature which makes eye gaze more effective and assists accuracy, over mouse control alone. [Read more online.](#)

Intelligaze 360

This is the full computer control system which includes Starter and Communication features. Designed for the computer-savvy power user. [Read more online.](#)

Considerations for Voice Amplification

Introducing our handy video to watch before embarking on voice amplification. Feedback has been very positive and this has been a useful introduction to voice amplification for families,
